Moving

can be a stressful time, but it doesn't have to be! Get organized with this *Moving Kit* designed to make your life easier during your moving process.

HOW TO USE:

1. As you start to pack up your belongings, pack one room at a time. Print the labels you need below (pages 27 – 51) and number your boxes in the white square. Labels have been created for common rooms, but blank labels are also included for you to customize as you like!

2. As you number your boxes, use the digital personalized room pages below (pages 3 – 26) to type in the contents that you have packed in each box. This way, when you move in, you'll be able to locate what you're looking for in no time!

Can't get more simple than that. Happy moving!
